MAYOR TOMMY ALTMAN, 26, became the youngest mayor of Belle Glade in memory Monday night when he was unanimously elected by the city commission during its reorganization. He took over the duties of the

office from former mayor Ralph Kirk, standing at left. Kenneth Harris, standing at right, was elected vice mayor and treasurer. Staff Photo

Tom Altman is youngest mayor

BELLE GLADE—The reins of city government passed into the hands of one of the state's youngest public officials Monday night when Commissioner Tom Altman was unanimously elected mayor by his fellow city commissioners.

In the annual reorganization meeting, which was called to order by former Mayor Ralph

Kirk, Commissioner Kenneth Harris nominated the 26-year old veteran of three years on the board to the top position.

Commissioner Claude Tindall, who had been sworn onto the commission only last week, moved the nominations cease and the other commissioners approved.

Altman, office manager for Gold Coast Paving, was elected to the

commission in 1974, beating out a field of four opponents to replace former Commissioner John Grady.

Altman is a graduate of Belle Glade High School, where he played golf and quarterbacked the Golden Rams, and Florida State University, where he was also on the golf team.

After graduating from FSU, Altman returned to Belle Glade to

assume the duties of an assistant to the City Manager William Mallory. He resigned that position to run for the city election at the age of 23.

Altman will be backed by Commissioner Harris, who was unanimously elected to succeed himself as vice-mayor and treasurer for the city.

In other reorganizational moves made by the commissioners during the special meeting, John Baker was re-appointed city attorney, Tindall was named to the Port Committee, which he chaired for some time, and Harris was named to serve on the Land Use Board.

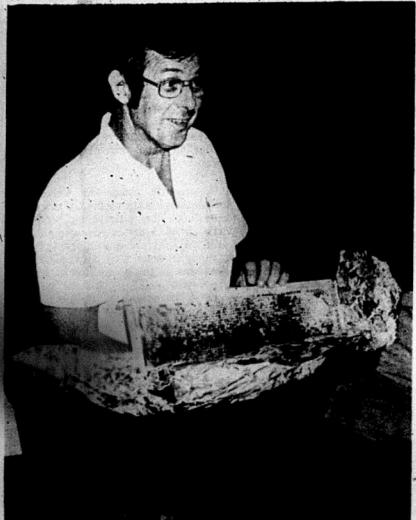

South Bay branch is OK'd for local bank

BELLE GLADE—Applications for the Bank of Belle Glade to open a South Bay branch received final approval from state and federal authorities last week according to President Wayne Mikell.

Mikell said Friday the approvals had been received from the Florida State Banking Department and the Federal Deposit Insurance Corp. for the Belle Glade bank to open a branch in Royal's Mini Plaza.

"We intend to offer all the customary banking services at the South Bay branch," Mikell said, "such as savings, check cashing, and account deposits."

He said the bank is building a new building on the north end of the mini plaza which is expected to house three to five employees when it opens shortly after Jan. 1, 1978.

REV. BUCK BLAIR shows the Belle Glade City Commissioners a rack of honey and asks them to cooperate with local beekeepers in preventing valuable bees from being killed by mosquito spray. Staff Photo

Three men bound over in Lake Harbor murder

LAKE HARBOR—Two men and a 17-year old juvenile were bound over to criminal court Tuesday on charges of the first degree murder and armed robbery of Jeffrey Johns, a 21-year old store clerk, here Friday.

Bound over by the Palm Beach County Grand Jury were Ethelred Kelly, 19, of 111 Appolo Drive, Hardwick Dennard, 21, of 140 N.S. Sixth Ave. and Willie James Smith, 17, all of South Bay.

The three were arrested in connection with the armed robbery of Nipper's Department Store and shooting death of Jeffrey Johns, 21, of West Palm Beach, who had been helping out his father, Robert Johns, owner of Nipper's.

Johns according to sheriff's office detectives, was working in the store at 3 p.m. Friday when three armed men wearing stocking masks entered. After taking a little over \$1,000 from the cash register, the three taped Johns's hands behind his back and forced Johns' stepmother to lay on the floor.

When more money was demanded from Johns, and he said there was no more, he was shot once in the back with a .45 caliber automatic pistol. Besides the automatic, the three men were reported to have also been armed with a revolver.

After the shooting, the three men took a van being driven by a man who entered the store as they were leaving and fled. The van was later found abandoned on corkscrew highway.

While officers were still on the scene, Hendry County Sheriff's Deputy Melvin Thomas arrested Kelly, Dennard and Smith as they were entering the gate of the U.S. Sugar Corp. mill in Clewiston.

Thomas reported he had just heard the report of the murder and the bulletin when he saw the

car, which answered the description being given over the radio. After stopping the three, Thomas took them to the Hendry County Sheriff's Office in Clewiston. Hendry County Sheriff's deputies later recovered a .45 automatic and a .357 magnum

revolver near where Thomas made the arrest. The money was later turned over to Sheriff Earl Dyess and the three suspects were turned over to the Palm Beach County Sheriff's Office Sgt. Mike Mills, who transported them to the Belle Glade County jail.

PREP gear OK'd

BELLE GLADE the Belle Glade City Commission agreed Monday night to purchase 12 individual, personalized radios for use by the city police department.

The radios, along with spare batteries and chargers, will cost around \$17,000. Older portable radios will be retained by the city and could be used by the police or other departments. Some could be sold on an individual basis.

The new radios will consist of a battery worn on the belt and attached to a speaker and antenna at the officer's collar. They will be more powerful than the hand-held

portables now in use. Another problem with radios that was discussed was interference by South Dade County on the Belle Glade frequency.

Chief Bill Mathis said the Florida Department of Communication had authorized South Dade to use the same frequency Belle Glade was assigned a number of years ago and local police sometimes can't be heard over South Dade transmissions.

He gave a graphic demonstration by playing a tape of calls made immediately following a traffic accident on SR 80 in which the local police transmissions were overwhelmed by South Dade throughout the crisis.

Mathis and City Manager Bob Sanders said they had been working on the problem, but had so far not come close to a solution.

"They take the attitude of 'give us the frequencies you want to have and we will tell you if you can have them'," said Sanders.

Mathis said a set of five frequencies had been suggested and the Department had turned down the first two. He is awaiting word on the other three.

Mathis also got in touch with the Federal Communications Commission in Fort Lauderdale and obtained another set of three frequencies not in use and sent those up to Tallahassee after monitoring the frequencies for several days to see if interference came through on them.

Mayor Tommy Altman suggested that the city await purchase of the new police radios until a frequency is assigned, but Commissioner Kenneth Harris, who is a ham radio operator, said the radios could be built but the crystals installed after the change, if any, is made. He said this would allow the radios to be put into operation shortly after the change rather than waiting on the radios to be built. Harris also said he had bought batteries for his radios that were cheaper than the state bid price on the batteries for the portables.

The commission agreed to go ahead and place the order for the radios and if a frequency change isn't forthcoming, to "make a trip" to Tallahassee to see area legislators in an effort to expedite matters.

USSC is the safest

BELLE GLADE—United States Sugar Corporation of Clewiston won the 11th Annual Florida Sugar Cane Safety Award Wednesday at the annual Florida Sugar Cane Safety Conference held at the Sugar Cane Growers Cooperative of Florida, Inc. office building here.

The award was presented by guest speaker J. Baxter Swing, chief of the Florida Bureau of Workmen's Compensation of the Division of Labor.

The theme of the conference was "Workmen's Compensation Update—Today and Tomorrow" and it was jointly sponsored by the Florida Sugar Cane League and the Division of Labor of the Florida Department of Commerce.

The program began with a welcome by Harry T. Vaughn, chairman of the League's safety committee. Vaughn is also an executive vice president with U.S. Sugar.

After a viewing of the film, "Sugar Country," Swing made his talk and the presentation of the award.

Dr. Neil Frank, director of the National Hurricane Center in Miami, also made a presentation on "Will Hurricanes Return to Florida Again in the Near Future?" Following another film on "The Guilty Party," the conference was adjourned.

OFFICERS STAND BY in front of Nipper's Department Store in Lake Harbor as a crime scene team works on the evidence inside following the murder of Jeffrey Johns and

the armed robbery. At the time this picture was taken, three suspects were already in custody in Hendry County.

Lots of people called Monday as word got around that Dean Jones was injured in an automobile accident.

Dean is okay, if sore, and is recuperating nicely at home. He'll be back to work shortly.

He asked to say "thanks" to all those who called or inquired and to let them know he really appreciates the thoughts.

Our congratulations to Tommy Altman, new mayor of Belle Glade. At "under 25," Tommy certainly, becomes one of the youngest mayors of a major city in Florida.

We are confident he will do a good job in his new position. As a commissioner, he has shown an inquiring mind and ability to perform his duties with exceptional skill.

Quite often, it's not how young a person is, but how hard he works and his ability that counts for a lot. Tom will make a good mayor.

Simon Train is also to be commended. He was one of the 17 disc jockies nominated for "Disc Jockey of the Year" by the national DJ association.

Trouble is, Simon isn't too sure he will be able to make it to Nashville to accept the honor if he wins it.

"Being a small town DJ is varied," he said. "Along with DJing, you've also got to do everything from the news to sweeping out the front office."

Right, Simon. Just like small town newspapering.

Anyway, Simon doesn't know if he can cut loose long enough to make the trip. But it is an honor for him merely to be nominated and I'm sure he won't take it lightly.

Spent most of the week last week at the Sunshine Law Trial of three Glades County Commissioners in Myers. I was one of the three people who showed up for the meeting at which the alleged violation of the Sunshine Law occurred and was under subpoena by the State Attorney's office.

The three commissioners were convicted, but the word is they will appeal the conviction.

But that wasn't the interesting part to me. As a witness, I wasn't allowed to listen to the proceedings, so the judge sentenced all of us witnesses to cool our heels in traffic court.

It's been a while since I sat in traffic court. And the excuses are virtually the same.

But one girl had a rather novel approach. She appeared before the judge clad in the minimum amount of decent clothing, looked up at him with big brown eyes, and told him how she wasn't at fault. The tree was at fault for being there.

I renewed my flagging faith in the judicial system. Even though she was the best looking defendant of the day, the judge cried "guilty" as she brushed her blond crown from her face, tears streaming from her eyes.

If it had been me on that bench, the tree would likely have been fined \$50 and court costs, but some judges are completely impartial.

And in truth, that's the way they ought to be.

Opinion

CRACKER
CRUMBS

BY DEAN JONES

Police need own radio channel

A dangerous and unsafe condition exists in Belle Glade, and has existed for some time, because of a little-known but real situation in Tallahassee.

This fact was amply demonstrated to the city commission Monday night when a recording of police dispatches made Friday during the aftermath of an accident on SR 80 was played by Chief Bill Mathis.

Throughout the period recorded, when local police officers were attempting to coordinate the ambulance service, traffic and other activities at the scene of the mishap, their radio broadcasts were constantly interrupted by South Dade County broadcasting on the same police frequency.

It's nothing new. But the demonstration was very real and perceptive.

It all began when the Department of Communications, Di-

vision of Frequency Allocations, granted South Dade the same frequency as Belle Glade's police department has had for a number of years.

Frequency allocations aren't supposed to be less than 75 miles apart, but South Dade's system was beamed northward and equipped with relays, which causes transmissions from that area to be heard as clearly as the patrol car down the street.

Chief Mathis said attempts had been made to have the division change the Belle Glade frequency to one that will not be interrupted, but as yet little has been accomplished.

Instead of giving the city options of available frequencies, the division told Mathis it was up to him to submit frequency requests to them and they will decide which the city, if any, shall be changed to.

Mathis prepared a list of five frequencies he thought were "open" but the division sent two of them back, saying both were taken up by stations within 75 miles. He is still awaiting word on the other three.

In the meantime, he again sat down and began figuring out frequencies. For two days, the police department worked at finding three more that would be acceptable. For three more days, they monitored these frequencies to determine if they would get interference. There was none on two and a little on the other.

These three new requests are being sent to Tallahassee. Mathis said the Federal Communications Commission office in Tallahassee told him they were acceptable, but said it was up to the division to allocate the frequency to Belle Glade. Nobody knows when or if the division will give the city a new frequency. Or how much time it will take to "swap over" when a new frequency is granted.

In the meantime, the local police department will continue to be interrupted, a dangerous thing for both officers and the general public.

As Mayor Tom Altman said, "If it weren't so hazardous, we could be content to shuffle papers; but we can't."

Letters to the Editor

Dear Sir:

Two of the pertinent reasons which created considerable pressure on President Woodrow Wilson to declare war on Germany came from big business and Royalty worshippers. Big Business who had opened factories, refineries and other businesses in these nations not to help the United States economy, but because the labor was cheap and they could pocket the money they didn't have to pay the country for taxes. But when it appeared the Allies might lose the war and freedom, these business tycoons put tremendous pressure on the authorities to save their investments, and pull their Chestnuts from the fire.

Dear Mr. Jones
I enjoyed your September 1 editorial, "Stunting," and appreciate the points you made concerning lawyer Troutman's somewhat vested interest in keeping the automobile insurance system as it is.

Please let me know whenever we can be of assistance to you or The Herald.

Sincerely,
Bill Gunter
State Treasurer and
Insurance Commissioner

Also among our leaders there are always some who would sell their souls and country to be recognized and catered to by so-called Royalty. They are completely sold on the idea that Royalty has Royal blood and are a divinely set apart people who to know and fraternize with is the next thing to Heaven. These added their pressure on the President to save these Kings, Queens and other Royalty, or humanity would lose the only first class people in all the world.

It has cost our Country multiplied Billions of Dollars to keep the ten active European Monarchies in power; together with a hundred thousand lives of our finest manhood. These are not Democracies, and they have not repaid one dime on their debt to us, or even the interest. But, every time they have a financial crisis they come running for another handout. The latest was a two billion dollar gift to England.

World War I made the world safe for the Democrats but not Democracy.

Sincerely,
W.L. Cunningham, Sr.
Past Commander, Post 20
American Legion

"21 years old and he had to die for some Goddamn money. They already had the money. Why did they have to shoot him?"

How about it, Mr. and Mrs. America...got an answer? Can you tell a man whose son has just been shot to death by three robbers, after they already had taken the money from the cash register and tied his hands behind his back, how anyone could have thought there was any justification for their son's death?

Well, I heard the question just after Jeff Johns was executed, and there's no other term but life, Friday. That was just about two hours before I'm setting this on paper.

The only answer I had was the same given by the other two men standing there. All I could do was turn my head in embarrassment, even though I think I had the answer at the time.

I'm not talking about understanding why. There's no way I could understand the mentality of someone who'd shoot someone in the back after robbing them but I believe with all my being the reason why is leniency towards the criminals who'd do the job in the first place.

Think about it. So those three men may be convicted. So what? Assuming the long odds are beaten and those three killers are found guilty of murder in the first degree instead of armed robbery, they probably won't serve a day longer in prison than if they were convicted of walking in with a gun, taking Johns' money and walking back out without hurting anyone.

Law enforcement officers may think they're working to catch the men who committed the crime. (As a matter of fact, there were already three suspects being held in Clewiston before I left the scene in Lake Harbor.)

The State's Attorney may do his job, the jury may do theirs and the judge may do his and after all the furor is over, some months down the line the three or one of them may be sentenced to death or to life imprisonment.

But whether it's life or death, there are still a number of interminable appeals and if it's death, there's going to be all kinds of special interest groups out to stop the wheels of justice because they're going to come up with the argument about cruel and unusual punishment.

If the killers are given life imprisonment, they'll probably be out on parole earlier than they would if the sentence was for armed robbery. The formula in this state provides eligibility when one third of the sentence is served or seven years for lifers.

My answer is to make sure someone knows before he enters the store with the gun if the first place that he if he shoots and kills someone, there's a damn good chance it's going to be worth his own life in retribution.

Not rehabilitation...retribution!

There are too many people in this country today who are preaching control. Bull! A lot of those people are good people and I'm convinced they're sincere.

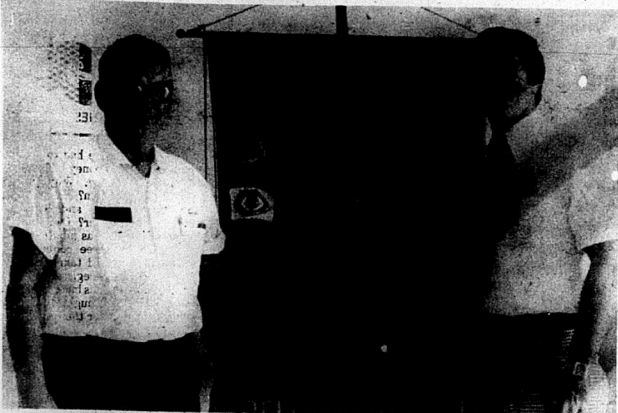

But I'm just as convinced they're wrong.

A recently completed survey which sampled the opinion of more than 3,000 law enforcement officers across America revealed the vast majority are convinced that not only do none of the gun control laws now on the books slow down the crime rate, no federal gun control law would do the job.

The answer isn't gun control. The answer is criminal control. How in God's name, considering the sharp increase in violent crime since the death penalty became virtually non-existent, several years ago could any sane person want to remove the individual's capacity to defend himself and his home against those who perpetrate violent crimes?

Until the vast majority of American citizens come to the conclusion crime deserves nothing better than swift and sure retribution, there are going to continue to be people like the same question I heard from Mr. Johns.

Why?
Why?

BO STINE AND JIM HUGGINS of the March of Dimes were guest speakers last Wednesday for the Belle Glade Lions Club. They told the Lions of the desperate need of pre-natal care in infants. Staff Photo

Mrs. Means receives award

BELLE GLADE - Mrs. Connie Means has been named Credit Manager of the Year for the 279 Diana Shops scattered across the United States.

Mrs. Means, who is the credit manager of the local Belle Glade outlet, received a certificate for "achieving excellence in the performance of her duties as credit

manager."

She began working in the Diana Shop only two years ago as a floor clerk, according to branch manager Mrs. Helga Conway, and was named the local credit manager in February.

Her duties consist of taking all applications and credit payments and approval of all accounts.

She said she was very pleased to receive the award and Mrs. Conway noted that in her job, she is "the biggest sales clerk we have."

MRS. MEANS

Lunch Menu

Elementary schools, week beginning October 10-14, 1977.

MONDAY: Hamburger on a bun, french fries, lettuce, tomato and pickle, ice cream cup, milk.

TUESDAY: Chicken and rice, cranberry sauce, seasoned green beans, hot roll w/butter, 1/2 orange, milk

WEDNESDAY - UNIVERSAL MENU DAY AND CELEBRATING COLUMBUS DAY: Lasagna di Vinci, Coliseum tossed salad, gondola garlic bread, sunny Italy fruit surprise, mama mia milk

THURSDAY: Submarine (with lettuce and tomato), buttered corn, orange juice cup, brownie, milk

FRIDAY: Spaghetti with meat sauce, seasoned greens, french bread with butter, fruit, cake w/icing, milk

Italy fruit surprise, mama mia milk

THURSDAY: Submarine (with lettuce and tomato), OR Barbecued chicken (with hot roll and buttered parsleyed potatoes), buttered corn, orange juice cup, brownie, milk

FRIDAY: Spaghetti with meat sauce OR Lasagne, seasoned greens, french bread with butter, fruit, cake with icing, milk

Representatives talk to Belle Glade Lions Club

BELLE GLADE-Bo Stine of the March of Dimes, was the guest speaker at the Belle Glade Lions Club meeting last Wednesday. Jim Huggins, Belle Glade's coordinator for the March of Dimes was also present.

Stine spoke of the need to educate girls about maternity. Of 250,000 children born in the United States 60% of them weigh less than 5 1/2 pounds because they've lacked pre-natal care. It is estimated that one out of 12 high school girls will give birth before they reach 18. Stine met

with Dr. Effie C. Grear and Janet Ready and he has their full support in trying to educate these girls about care for their babies since the key to the prevention of birth defects is education.

Last year \$75,000 was collected in the Walkathon and two weeks ago needed equipment at Everglades Memorial Hospital was purchased. The March is presently working at Glades General Hospital trying to furnish them with equipment.

Stine said that they have to eliminate the need of having to transport children born with birth defects to a hospital in the past, by supplying the hospitals in the Glades with the much needed equipment.

understanding.

Mrs. Molina taught high school in Cuba until forced out by the Castro regime for "American tendencies." Living in Belle Glade since then, she works at the Glades Sugar House. Recently the City Commission appointed her to serve another term on the library board.

Mrs. Molina says, "I require only that people be interested enough in learning Spanish to keep coming to the class."

Sound like the class and teacher for you?

Library Hours: Monday - Thursday, 10:00 - 9:00, Friday - 10:00 - 6:00, Saturday, 10:00 - 5:00.

Spanish lessons to be given in Belle Glade

Habla espanol? Well, you can at the library.

A new adult beginners' class in Spanish will start Tuesday, Oct. 18 from 7 to 9 p.m. in the Multipurpose Room of the Belle Glade Municipal Library. No fee is charged, and only about ten students will be accepted. So call the library now to get your name on the list.

Mrs. Sara Molina teaches the words and phrases you need on your job or in your daily routine. She emphasizes communication and understanding rather than perfect grammar and gives you practice in communicating in Spanish with others at your level of

Census to determine household improvements

Questions on spending for the improvement and upkeep of residential properties will be asked of a sample of households in this area by Bureau of the Census interviewers during the period of October 1-15, 1977. Thomas W. McWhirter, Director of the Bureau's Regional Office in Atlanta, announced today.

The home improvement survey, conducted four times a year, yields

valuable information of broad interest to the public and private sectors. The households in this area are among approximately 5,000 throughout the United States that will be included in the survey.

Previous surveys showed that expenditures for the upkeep and improvement of residential properties in the United States for the first quarter of 1977 totaled \$5.9 billion, or \$30.9 billion at a seasonally annual rate. During 1976, the seasonally adjusted annual rate ranged from \$25.3 to \$31.0 billion.

Questions will also be asked about trips of 75 miles or more taken since the July interview. These questions are part of the 1977 National Travel Survey. This survey, conducted every five years as part of the Census of Transportation, seeks information on the number of trips taken by U.S. households, the destination and purpose of these trips, the modes of transportation used on the trips and types of lodging stayed in during the trips. The information collected in this survey is used by both government and private organizations to determine the impact of the travel industry on the economy and to provide data on travel patterns that can be used to improve transportation facilities.

The law requires that personal information reported to the Bureau of the Census must be held in strictest confidence. Published reports show statistical totals only, and no information identifying individuals or households is released.

Census Bureau interviewers in this area are: Mrs. Betty Garriga, Mrs. Doris K. Rosenberg, and Mrs. Rose Indianos.

Miss Atkins is bride of Mr. Lewellen

Miss Ginger Lynn Atkins became the bride of Gary Stephen Lewellen on August 20, at the Elkdale Baptist Church, Selma, Alabama. Dr. Leroy Stringfield and Reverend Robert Atkins officiated. Wedding music was provided by Virginia Paul, organist and Sally Lilienthal, soloist. The bride is the daughter of Rev. and Mrs. Robert H. Atkins of Belle Glade, formerly of Selma. The bridegroom is the son of Mr. and Mrs. Rudolph Lewellen of Selma.

Given in marriage by her father, the bride wore a gown of ivory quiana, designed with a V-neckline, outlined with three dimensional Venice lace cutwork. The bishop sleeves had the cutwork set into the sleeves from the cuffs to the elbows. The soft bias cut skirt swept back into a chapel length train. She wore a full length mantilla completely edged with matching lace. She carried a cascade bouquet of white roses, white carnations and baby's breath with blue and ivory streamers.

Bridal attendants were Kathy Kelley, maid of honor, Selma; Sharon Lewellen and Carol Ezelle, sisters of the groom, Becky Mott and Karen Rhode all of Selma and Sherry Green of Centerville, Ala. Their dresses were powder blue knit, princess style featuring wide V-neckline outlined with deep ruffled collars of blue floral print chiffon. They carried long stem white roses with blue and ivory streamers. Flower girl was Barbie Wallace. She wore a dress of ivory quiana, floor length with a wide ruffle at the bottom and a blue floral print chiffon pinafore. She carried a basket of white rose petals. Ring bearer was Chris Ezelle, nephew of the groom.

Candles were lit by Tim Atkins, brother of the bride and Steve Piper.

The mother of the bride wore a floor length gown of aqua knit with matching chiffon cape. The mother of the bridegroom wore a floor length gown of apricot crepe. Their flowers were cymbidium orchids. The bridesmaids wore a floor length gown of blue dress of blue knit with matching jacket, her corsage was of white carnations.

Serving as best man was Mr. Rudolph Lewellen, father of the groom. Groomsmen were Rudy Lewellen, brother of the groom, Steve Piper, Roy Boroughs, Barry Stephens, all of Selma, and Tim Atkins, brother of the bride of Belle Glade.

The church was decorated with a candle tree, candelabras and palms.

Following the ceremony a reception was held at the Church Fellowship Hall. Assisting in serving were Margaret Jones, Dale Dunn, Mrs. Doris Lewellen, all of Selma; Mrs. Kathy Atkins, Tallahassee, Ala.; Jenny Ward, Brent, Ala. and Lisbeth Lewis, Woodstock, Ala. Attending the bride's book was Mrs. Debbie Lewellen.

Out of town guests included: Linda Stovall, Adelle Loftis, Hilda Braser and Dr. and Mrs. Harold Breiling, all of Fayette, Ala.; Mr. and Mrs. Robert Hammer and LaDonna Hammer, Northport, Ala.; Mrs. Cynthia Moore, Monica Moore and Melissa Moore, Albany, Georgia; Mr. and Mrs. Gary Atkins and Shane Atkins, Tallahassee, Alabama; Miss Susan Grimmer and Mr. Warren Young, Birmingham, Ala.; Mrs. Al Green and Mr. Robert Murphy, Centerville, Ala.; Mr. and Mrs. Pat Rankin, Thomas, Ala.; Mr. and Mrs. Joseph B. Wise, Susan Lee, Piedmont, Ala.; Mr. and Mrs. Johnny Ray Moseley, Mobile, Ala.; Miss Anne Knowles, Riverview, Ala.; and Mr. and Mrs. Cleve Ward, Belle Glade, Fla.

The after rehearsal was hosted by the groom's parents at the Plantation Inn. Forty relatives and friends of the bride and groom attended. Following a wedding trip to Nashville, Tenn., the couple will live in Selma.

Roll out the Torch is program

BELLE GLADE - Members of the Mu Upsilon Chapter of Beta Sigma Phi Sorority rolled out the torch on Saturday, Sept. 17.

The group met at the Clewiston skating rink to start off the evening.

After visiting a couple of local establishments, they enjoyed pizza at Dino's. The evening wound up at the Belle Glade Elks Lodge until the wee hours of the morning.

Those enjoying the evening were Louise and David Culpepper, Dorinda and Franklin Shuts, Sharon and Larry Courson and Michael and Carol Zumpf.

Cub Scout pack formed in Belle Glade

BELLE GLADE - A new Cub Scout pack was recently formed at the Community United Methodist Church according to Glades District Scouting Commissioner Robert J. Allen.

Dr. Allen, who is also scouting coordinator for the new pack, Pack 622, said pack leaders held their first meeting, to organize the new unit, Monday evening at Belle Glade Alliance Church, although the pack will normally meet at Community United Methodist.

He said the Cubmaster for the pack will be James McNeil and the Assistant Cubmaster will be James Gressinger, who is also the Webelos coordinator. Denmothers for the new unit are Mrs. Jan Suttle, Joyce Salvatore and Sandra Moon.

Allen said 19 boys have registered so far in the pack and more are welcome to join.

What's your hobby?

Quilting? Boat building? Drag racing? Bottle cap collecting? What do you like to do?

October is Hobby Month, and the Belle Glade Municipal Library wants to know about yours. Do you have an interesting craft or collection to share? Or do you know someone who has something he would display in the library? Or a skill to demonstrate one afternoon after school?

Maybe you'd like to start a new hobby or learn something new? Chances are you'll find a book about it at the library. Come on over and check it out. All you need is a library card.

If you don't have a library card, just come on down, fill out an application, and show us proof of your address. A child under 15

must have a parent's signature on his application card, and a library employee must talk to that parent before the child may get a card. We prefer that the child bring the parent to the library with him.

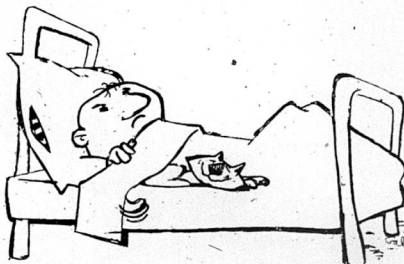

Hours: Monday through Thursday 10:00 - 9:00

Friday 10:00 - 6:00

Saturday 10:00 - 5:00

Don't forget your hobby when you come. Or call and ask about it.

Remodeling is like...

catching a cold - you know what the problem is, but the cure just takes time!

Please continue to bear with us during our construction period - soon we'll be able to serve you better and more efficiently in beautiful new surroundings.

Canal Point Methodist hold lay witness

CANAL POINT-The Canal Point United Methodist Church will be holding "A venture in discipleship" October 7-9, the second lay witness mission held at the church.

Visitors will be staying at the homes of local church members.

The Lay Witness 2 coordinator, Mr. Hoke Roberts and his wife of Fort Myers will be staying at the

home of Eustis and Marie Blackwell. Randy and Vivian Ross of Bradenton are staying with Earl and Grace Maxon. Mr. and Mrs. Dick Byland of Orlando will stay with Dale and Carolyn Milita. Miss Mary Brittain of Oklawaha and Mrs. Betty Markle of Fort Myers are both scheduled to be at Leonard and Bertie Maxson's and Mr. and Mrs. Harry Williams of Miami will stay at Bill and Melba Johnson's.

Youth witnesses, Miss Barbara Hardy of Orlando and Kay Nobles of Fort Myers are staying at the Don Adams residence. Mr. Lee

Crainford as well as three youths, Rick Mathis, Pam Mathis, and Judy Curtis, all of Belle Glade will be commuting each day.

During all witness sessions, there will be a nursery for small children and infants. For school-age children there will be special crafts, stories and songs for them to enjoy as well as to instruct them about the love of God.

Special programs are also planned for the youth, in addition to the regular session.

General chairman for the venture are Frances Adams and Dale Milita.

Alcohol rehab is program topic

BELLE GLADE-The Alcohol Rehabilitation Program of Florida Farm Worker's Council, Inc. will be the topic of discussion at the October 12th meeting of Community Services Council, 12:30 p.m. at the Glades Office Building.

Mr. Ed Amos, Director, will speak on the services of the Center located in South Bay.

Needs of senior citizens and the Nutrition Program of Palm Beach County will be presented by Ms. Pamela Shannonhouse, Outreach Monitor.

All new workers in the Glades area are especially urged to come and acquaint themselves with the variety of programs being offered for citizens. Residents of the Glades and all interested persons are invited to come and share information.

For further information, call Mrs. Gene R. Cross, Area Supervisor of Palm Beach County Social Services, 996-5547.

Rainbow officers are installed at meeting

BELLE GLADE - Members of the oldest Rainbow assembly in the state installed officers recently so they also added Mrs. Ellen Clark, the new Mother Advisor, to the roster of sponsors.

Miss Mary Mon was installed as worthy advisor, highest office in the Order of Rainbow for Girls. Belle Glade Assembly #1 and the

girls also welcomed Tammy Motes, the assembly's latest initiate.

Other officers were worthy associate advisor Lori Betts, Charity Darinda McMillan, Hope Tanya Sellers, Chaplain Linda Gunter, Drill Leader Cheryl Collins, Love Tammy Motes, Nature Judi Austin, Immortality Diane Clark, Fidelity Gail Exum, Patriotism Evelyn Galus, Service Teresa Austin, Musician Jennifer Groves, Outer Observer Linda Stacey, Confidential Observer Mary Beth McMillan, Recorder Vera Lamb and Treasurer Owen Payne.

The installing officers for the ceremony were Linda Moon, Linda Gunter, Diane Clark, Mrs. Clark, Mrs. Dorothy Ford, and Frances Moon, the flower girl.

Mrs. Elise Moon, Mrs. Willie Vee Betts, Mrs. Barbara McMillan and Mrs. Kay Phillips were in charge of refreshments.

Besides Mrs. Clark, Rainbow board members are Chairman Donald Aspey, Secretary, Mrs. Joy Aspey, Photographer Dr. Robert Allen, Mrs. Nancy Moses, Mrs. Helen Aspey, Cindy Baez, Mrs. Linda Towell, Donald Clark, Elgie Johnson, W.O. Prescott, Doug Congleton and Robert Champion.

TAMMY MOTES was initiated into the Order of the Rainbow for Girls Sept. 12.

NEWLY INSTALLED OFFICERS for the Order of the Rainbows for Girls Belle Glade Assembly were (front) Flower Girl Frances Moon and, front row, from left, Judy Austin, Lori Betts, Mary Moon, Tanya Sellers, Mary

Beth McMillan. In the second row are Tammy Motes, Linda Gunter, Teresa Austin, Mrs. Ellen Click, Diane Clark and Cheryl Collins.

Home energy management program is being offered

BELLE GLADE - A program entitled Energy Management will be offered to Glades families from 10 a.m. to noon Oct. 12 at the Palm Beach County Glades Office Building according to Arlen C. Jones, county extension home economics agent.

"Solving the energy crisis and coping with ever-rising costs are problems that the American family must face today," Mrs. Jones said. "All family members will need to become part of the solution."

She said the Extension Service can help families identify and clearly define their present values and help establish goals which are in line with the rising costs of energy in South Florida.

Mrs. Jones said the program will include the establishment of goals, reading of gas and electric

meters and exploring the technology involved in harnessing alternate sources.

A film, pictorial display and resource material on solar energy will also be available. This will include either an actual working solar water heater or a scale model of one along with plans for building it.

Energy conservation measures designed to reduced heating and cooling bills will be discussed, along with slides, demonstrations and exhibits on insulation, weather stripping and caulking, and a do-it-yourself practice session.

they were not aware a meeting was to be held. From the left is Roy Burch, Bud Whitehurst, Ernie Croam, president Bob White, Seaman, Larry Fowler and Gene Badger. Staff Photo

6A-HERALD-OBSERVER, Thurs., Oct. 6, 1977

Individual meters to go in park

BELLE GLADE—The Belle Glade City Commission Monday night agreed that water meters in the proposed SR 715 mobile home park being constructed by Bill Acree should be individual and not park-wide.

The commission studied a contract Acree submitted to the commission concerning sewer and water service and recalled an earlier meeting at which Acree agreed to install individual me-

ters in the 250 unit park. Attorney to the commission John Baker said the contract submitted was not complete. He told the commission it needed a legal description and "exhibit B" concerning the number of spaces in the park.

Baker also stated that if the city was sometime in the future to assume ownership of the park's systems, individual meters would have to be installed as well as

easements and rights of way granted to the city, all at the developer's expense.

No action was taken on the contract.

In other business, the city approved a water and sewer contract with Palm Beach Junior College contingent upon approval from the attorney and decided to appoint members to the Mayor's Advisory Committee this week.

Frank Testa, Jr. was appointed to the five-member board by Commissioner Kenneth Harris and Commissioner Bill Grear appointed Jerry Roberts. Other members of the commission were to make their appointments during the week.

The police department received permission to auction off 50 unclaimed bicycles and meeting later in a workshop session, the commission agreed to go along with the state on travel compensation for employees, agreed to designate the road into PBJC as 1977 College Parkway, and decided to work on development fees as soon as the new city planner assumed office.

List of city streets for repair is announced

BELLE GLADE—Members of the City Commission received Monday night a list of streets which need to be repaired or paved according to Public Works Director Ron E. Sigmon.

"Because of the sidewalk construction," Sigmon told the commissioners, "we have not been able to address ourselves to the street problem. We plan to have a major effort put forth next year toward the correction of this problem."

He asked the commissioners to go over the list and add any streets possibly left out by himself or Streets Superintendent Mark Patton.

Streets Sigmon said need hot mix paving include:

1. N.W. 1st Street - Canal to Avenue L - 4,310 L.F.
2. N.W. 1st Street - Avenue H to Avenue L - 1,238 L.F.
3. N.W. Avenue C - 2nd Street to 4th Street - 644 L.F.
4. N.W. Avenue D - 2nd Street to 4th Street - 644 L.F.

5. N.W. Avenue E - 2nd Street to 4th Street - 644 L.F.
6. N.W. Avenue F - 2nd Street to 4th Street - 644 L.F.
7. N.W. Avenue G - 2nd Street to 4th Street - 644 L.F.
8. S.W. 6th Street - Avenue E to Canal - 1,825 L.F.
9. S.W. 7th Street - Avenue E to Canal - 1,825 L.F.
10. N.W. 13th Street - Canal to end of Street - 925 L.F.
11. S.W. 5th Street - Avenue F to Canal - 763 L.F.
12. N.E. 23rd Street - Airport Road to end of Street - 1,245 L.F.
13. S.W. Avenue F - 4th Street to 8th Street
14. S.W. 2nd Street - Fire Station to Avenue E - 338 L.F.
- Streets needing rebuilding, then paving include:
1. N.W. Avenue C - 2nd Street to 4th Street - 644 L.F.
2. S.W. 6th Street - Avenue F to Canal - 763 L.F.
3. S.E. 12th Street - S.R. 80 to end of street - 50' wide - 700 L.F.
4. S.E. Avenue F at 9th Street - 200 L.F.

5. S.E. 6th Street (1/2 street) - 630 L.F.
6. N.E. Avenue F between 2nd and 3rd Streets - 150 L.F.
7. N.E. Avenue J between 2nd and 3rd Streets - 150 L.F.
8. N.E. Avenue I between 1st and 2nd Street - 150 L.F.
9. W. Avenue A at railroad crossing - 200 L.F.
10. S.W. Avenue F between 3rd and 4th Streets - 400 L.F.
11. N.E. Avenue J between 1st and 2nd Streets - 150 L.F.

Durham is in NATO "Display Determination"

CAM LEJEUNE, N.C.—Marine Sergeant Robert J. Durham soon will be in the back yard of Nathaniel Durham of Route 1, Box 8 in Pahokee is participating in the major NATO exercise Display Determination.

He is serving as a member of Battalion Landing Team Three

Slant Six (BLT 3/6), homebased at Camp Lejeune, N.C. His unit is a ground element of the 34th Marine Amphibious Unit.

His command has joined naval forces from Portugal, Italy, Greece, Turkey, and the United Kingdom for the combined exercise which includes convoy operations, amphibious assault landings and antisubmarine warfare maneuvers.

"Display Determination" is designed to train NATO naval forces in combined sea operations, refine NATO procedures and ensure that operational "plans are current. Participating units will test NATO standardized doctrines, equipment and resupply ground forces in Southern Europe. Acting as opposing forces, NATO units will simulate surface, subsurface and air attacks along the convoy routes. A series of amphibious landings also are scheduled at Saros Bay, Turkey, with follow-on exercises continuing ashore.

"Display Determination" is one of a series of annual operations, conducted each fall from Norway to Turkey, designed to provide unified and coordinated training of national and NATO forces within the Allied European Command.

Letter to the Editor

Dear Sir:

The question do bees have a right to live in Belle Glade is more than academic as can be seen by the picture taken in the back yard of a bee kill following an 8:40 a.m. mosquito spraying this past Wednesday. Spraying at this time of day may not kill many mosquitoes but it is devastating to bees. Bees are a little old fashioned as they are in at sundown and out at sunup. Any bee, or body, that cares anything about his honey is out on the job long before 8:40.

Being the father of five children and a minister for twenty-two years it's nice to have something around that will get up and on the job at sun up without being pushed, pulled, shoving or dragged. So apart from beekeeping being a fascinating hobby it is also a source of encouragement and inspiration.

Eight of the ten hives I have are natives of Belle Glade. They are swarms I have collected around town. Two hives were moved from Orlando. Therefore, if I did not have them in my backyard happily settled in a nice home, they would be in someone's attic, garage, house or yard.

No, bees are not vicious nor do they attack as you may have heard. Ask any one who has visited, including the twenty or twenty-five biology students from Christian Day and they will tell you how nice and friendly they are. As a matter of fact, in walking to the office I have never been attacked by a bee but I have been by dogs, autos, bicycles.

In a recent call to Dr. L. A. Robinson, head of the honey bee research in Gainesville, I was informed that the mosquito control and spraying companies he knew co-operated gladly with beekeepers. This is as it should be for most everyone knows the importance of the honeybee in the food chain. Without them for pollination, many of the foods we enjoy would no longer be. So the question to bee or not to bee is not just for the bees.

The City Commission and Administration are working on the problem and I wish to say "thanks" for anything that can be done.

Rev. Buck Blair
Belle Glade

Arthritis benefit is planned

The Diamond C. Ranch, State Road 7 and 441 just south of Southern Blvd. will be the site of the October 16 Arthritis Clinic Benefit Barbecue sponsored by the Florida Chapter of the Arthritis Foundation.

Chow time is 4 p.m. till 10 p.m. featuring beef roasted over an open barbecue pit, smoked hams and herb-cured chicken with all the trimmings. Beverages will be available.

Fun, constant entertainment in elegant ranch style is the theme for the evening. Fabulous door prizes will be awarded.

For an extra bit of heaven to add to this already fantastic event, there will be music for your listening and dancing pleasure, provided by four separate bands. For ticket information contact the Arthritis Foundation at 844-8615.

October pick-ups for aluminum is given

BELLE GLADE—Reynolds mobile aluminum recycling unit will be making four stops in Belle Glade during October.

Every Thursday from 11 a.m. to 1 p.m., the unit will be at the City Park, 500 W. Canal St., to pay the public for their recyclable aluminum.

Reynolds pays 17 cents a pound for aluminum cans and other clean household aluminum items such as pie plates, foil, frozen food and dinner trays, and dip, pudding and meat containers.

Certain other items, including aluminum siding, gutters, storm door and window frames, and lawn furniture tubing are also worth 17 cents a pound if properly prepared. This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with cans.

"Each time aluminum is recycled, we save 95 percent of the energy that would be required to make primary aluminum," according to Dave Vardell, District

Manager, Reynolds Aluminum Recycling Company.

Vardell added, "This energy savings is very significant in these days of current and projected energy shortages."

PAHOKEE—Reynolds mobile aluminum recycling unit will be making four stops in Pahokee during October.

Every Thursday from 2 to 3 p.m., the unit will be at the Little League Ball Park, 515 Bacon Point Rd., to pay the public for the recyclable aluminum.

The origin of the dollar that might be the first and last letters of the Spanish word 'pesos' (meaning dollars) written one over the other.

Band is invited to pro game

PAHOKEE—The Pahokee High School Marching Band has been invited, along with 35 other high school bands, to perform during half time at the University of Miami vs. Kansas University football game in the Orange Bowl October 8.

Pahokee High's O.D. Express received the invitation from the University of Miami band, which will also be performing. Kickoff time for the college game in Miami is 8 p.m.

National handicapped week celebrated here

The 1970 Census presents some startling facts about persons with work disability, one out of every eleven adult Americans, more than 9 per cent is disabled to an extent that limits ability to work, and more than half of these have a handicap five or more years.

The handicapped have less training than the general population; they also have less vocational training.

Half the handicapped population became disabled before the age of 40; the disabled are more frequently heads of households than are members of the general population.

One in 10 handicapped persons has never held a job, and fewer are employed than are persons of the general population.

Handicapped persons are less likely to hold professional, technical or managerial positions than are members of the general population.

Kenneth Spaid is one these

NATIONAL SCHOOL LUNCH WEEK will be celebrated Oct. 9-15 and parents and other guests are being invited by South Bay Elementary School to sample what is expected to be a menu to be used across the nation. The universal menu will be served on Oct. 12 and will consist of Lasagna da Vinci, Coliseum Tossed Salad, Gondola Garlic Bread, Sunny Italy Fruit Surprise and Mama Mia Milk.

Sugar techs to meet

BELLE GLADE - Approximately 150 members of the Florida Division of the American Society of Sugar Cane Technologists will hold their Eighth Annual Meeting Oct. 14 in the fourth floor meeting room at the Sugar Cane Growers Cooperative of Florida office building, according to President Larry Fowler.

Fowler, who heads research and development for the Cooperative said there will be eight units to be morning program before the technologists recess for lunch. There will be a banquet that evening at the Holiday Inn in Palm Beach.

He said society members are made up of sugar industry people around the Lake Okechobee region along with members from associated industries.

The session will begin with a talk on the effect of row width on yields of three sugar cane varieties in Florida by E.R. Rice, followed by a presentation on predicting FCA using solar radiation, temperature and percent of plant cane by R.J. Allen, Jr. and G. Kidder.

There will also be talks on predicting differences between plant and ratoon crops of Florida sugar cane by G. Kidder and determination of zinc phosphate toxicity and bait acceptance by cotton rats, black rats and Florida water rats by Lynn W. Lefebvre, Nicholas W. Holler, David D. Decker, and Nancy J. Shafer, before a coffee break.

Following the coffee break, there will be a presentation on the history of a Santa Elisa mill tandem by Guillermo Aleman, a talk on boiler drum water level control with DP transmitters by Pablo Fernandez and another on the Brazilian Sugar Industry and the 1977 International Society of Sugar Cane Technologists by J.R. Orsenigo and Blas Rodriguez.

Birth

BELLE GLADE - Mr. and Mrs. John Lewis Byrnes, of 313 Farm Place in Pahokee, announce the birth of their baby boy, Antoine Jermaine, on September 25 at Glades General Hospital, Belle Glade.

BELLE GLADE - A baby girl, Shannon, was born to Mr. and Mrs. Hoover Tolbert of 672 S.W. 5 St. in Belle Glade, on September 26 at Glades General Hospital in Belle Glade.

FLORIDA EAST COAST Railroad workers have been laying down a new railroad track at the intersection of State Market Road and

U.S. 441. The old track, incurring damages over a period of many years, necessitated a replacement.

Deed restrictions changed

BELLE GLADE - Restrictions in the contracts of prospective buyers of lots in Sugar Subdivision were altered Monday night in a special city commission meeting to allow buyers more time to pay for the lots and to build homes.

Commissioner Bill Grear said people who were interested in purchasing one of the remaining lots had told him the present contract of 90 days in which to pay for the lot and one year to build their home was not enough time.

Grear said he felt the 90-day lot purchase restriction would be acceptable, but suggested the board extend the home-building restriction to three years.

Commissioner Ralph Kirk agreed, saying he had always contended the city had not allowed enough time and suggesting a one-year period for lot purchase.

Mayor Tommy Altman told the commission the restrictions were imposed in order to keep speculators from purchasing lots as investments and board attorney John Baker agreed, saying U.S. Sugar, who made the land available, intended the property to be used for quality housing.

Baker noted that when the portion of the subdivision in question was first brought up, there was "no property available" inside the city on which to build.

Baker said the 90-day period before the required \$600 down payment to date the balance was due was felt at that time to be an adequate amount of time for buyers to obtain financing.

He said the contracts could be changed to give the buyers any amount of time, but warned against placing a "buy-back" clause in the deed as lending institutions would want to have the city release the clause before they would finance lot purchases.

The commission finally approved a one-year period from the date of the down payment for the payment of the balance due on the lot and an additional two years in which to construct a home.

Baker is to draft a resolution amending the purchase contracts to reflect the new restrictions.

In other business dealings with Sugar, Subdivision, the board agreed to amend the square footage restriction of houses to include rather than exclude carports or garages in the minimum of 1,200 square feet.

Altman said he had been approached by people in the area who felt 1,200 square feet was too much and that in building a home that large, some quality aspects of the house may be deleted at the expense of footage.

The suggestion to include carports and garages in the minimum requirement was made by Kirk and quickly agreed to by the rest of the commission.

The type of construction was next on the agenda, and the city officials also solved that problem in short order.

Commissioner Grear had been opposed to houses of wood frame construction and Mayor Altman had felt quality wood homes would not be a detriment to the neighborhood.

of wood panel siding. The new declaration dealing with this type of construction was written by city building inspection Ken Retterer.

Straight from Bill Gunter

We set a new standard in insurance rate regulation last week when I denied the request by the Joint Underwriting Association (JUA) for a 43 percent increase in premiums for automobile insurance.

For one thing, we put everything on top of the table, for the first time in history.

Although the JUA has been in operation for four years, has had two rate increases, and is now the state's second largest insurer, this was the first time it had been subjected to a public hearing.

That hearing, on August 30, did a great deal to expose the inadequacy of the JUA's justification for the rate hike it was requesting.

I intend for such hearings, in the future, to be the rule, rather than the exception.

The problem of outrageously high auto insurance rates is too serious throughout Florida to be taken lightly. We must and will use every device at our disposal to keep rates at fair and reasonable levels.

Upon close, public examination, the JUA rate increase failed in at least four important categories:

The motion to include the declaration in the contract will include lots 3, 7, 8, 15, 17, 18, 19, 20, 26, 27, 28, 29, 30, 31, 33 and 34.

1) No evidence was offered in the rate filing or in the subsequent public hearing which justified 14 percent of premiums collected being paid to companies administering the JUA program for claims service.

2) No consideration was given in the JUA rate structure to investment income, as required by law.

3) No justification was offered for \$1.8 million in premiums which were written off as "uncollectable" and therefore as losses.

4) The JUA failed to justify the payment of eight percent of the written premiums to participating companies for "operating expenses."

While these may sound somewhat technical to people not intimately involved in the making of insurance rates, they are far from technical when you trace their effects to the bottom line. The bottom line is millions of dollars, which either will or will not be charged to already hard-pressed consumers.

In this case, hard public examination showed that there was no justification for levying these millions of dollars on people insured with the JUA.

Gold Coast Gardener

by Gene Joyner

Urban Horticulturist

Palm Beach County

Now is the time to think about putting in some annuals to brighten up your home landscape or if you live in an apartment to brighten up the interior of your home.

Many of our attractive flowering annuals can be grown throughout the year here in our area, but our hot summers prevent some of them from doing so well as you would like.

Right now our local garden supply stores have a wide assortment of annuals and certainly you can't help but find the color of flower that you want for your garden.

It is important when growing annuals that you know beforehand what the particular requirements are of that flower are.

There are a few exceptions to this. For instance, impatiens products will give effective control.

For foliage diseases, fungicides such as Maneb, Zineb, Captan, or Dithane M-45 will give effective control.

You should also be prepared for attacks by various types of insects, particularly leaf chewing caterpillars, aphids and spider mites. Most of these can be controlled with insecticides such as Malathion, Diazinon, or Kelthane.

have been thoroughly mixed, it is also advisable that the bed be treated for nematodes since almost all annuals are very subject to nematode damage. If you prefer to take your chances and not treat for nematodes, you may find that later during the season plants will begin to yellow out, wilt easily, and produce fewer flowers or no flowers at all. Chemicals for nematode control are readily available at most garden supply stores and give effective control when used according to directions.

Annuals need to be fertilized regularly for good growth and a dry type of fertilizer such as a 6-6-6 every three to four weeks is adequate in most cases.

Beds should be watered frequently, but not excessively, since excessive moisture will set the plants back and give them root diseases.

If you do develop fungus diseases on the roots, drenches of Captan, Thiram or similar products will give effective control.

For foliage diseases, fungicides such as Maneb, Zineb, Captan, or Dithane M-45 will give effective control.

You should also be prepared for attacks by various types of insects, particularly leaf chewing caterpillars, aphids and spider mites. Most of these can be controlled with insecticides such as Malathion, Diazinon, or Kelthane.

Belle Glade hires city planner

BELLE GLADE—City Commissioners were informed during a special meeting Monday that City Manager Robert Sanders had hired a new city planner to fill a position created during recent budget sessions.

Sanders said he expects John Rynold Gubisch III of Tallahassee,

to begin at his new post on Oct. 10. Sanders said Gubisch has agreed to begin at a starting salary of \$17,000, in what Sanders has in the past described as a key position.

Sanders has told the commissioners in the past he envisions the post as being one from which many of the grants being sought by the

city from state and federal agencies could be coordinated, along with general city planning duties.

Since 1973, Gubisch has been employed by Leon County as an environmental planner, saying it has been his responsibility to administer and enforce the environmental protection ordinances.

"These ordinances," he said, "deal with landscape requirements, land clearing, erosion and runoff control and tree protection."

Before his employment by Leon County, Gubisch said he was a charter research chairman for the Symposium for Humanizing Architecture through Reciprocal Experience at the University of Oklahoma, a research assistant and a stone finisher.

He said he attended the University of Maryland School of Engineering, graduated from the University of Oklahoma with a B.A. in Environmental Design and has credit toward a master of architecture with the University of Oklahoma.

Minister asks "save the bees"

BELLE GLADE—City Commissioners were met with a not-so-sweet problem Monday evening and Tuesday afternoon when they grappled for a solution on how to kill mosquitoes and not bees.

The Rev. Guldmar Blair of Community United Methodist Church, an amateur beekeeper, appeared before the commission Monday to complain that spray being used by Howard Barker of Ag-Air to kill mosquitoes was also killing large numbers of his bees.

To drive his point home, Rev. Blair donated a rack of raw honey to the board members and told them a third of his bees had been killed last Wednesday morning when Barker made his mosquito run.

He asked the commissioners to direct Barker to spray for mosquitoes

"when the bees are asleep," saying bees are in the hive and protected during the hours between sundown and sunup.

Rev. Blair said he had talked to a bee expert in Gainesville who told him it was normal for mosquito sprayers to cooperate with beekeepers.

City Manager Robert Sanders said he was aware of the problem, which has come before the commission several months ago, and that he had visited local beekeepers and Barker.

Sanders told the commissioners Barker told him he couldn't spray at night because of the danger and the last half hour of the day was not the best time to spray because of unstable weather conditions.

In a special meeting with Barker Tuesday afternoon, the commission asked if Barker could spray

earlier and to arrange his pattern so Rev. Blair's home is among the first places he passes over. Barker said he would try to do that.

In the meantime, newly elected Mayor Tom Altman asked the other commissioners what they thought about the idea of the city re-locating Rev. Blair's beehives outside the city. That idea was discussed but no definite decision was reached.

Rev. Blair, when the meeting adjourned Monday, left the honey rack with the commissioners, along with a supply of plastic bags, for them to take home. He said he has never earned money from beekeeping for himself and told the board the money he makes this year will be donated to the church for a youth bus.

THIS RELAXED LABRADOR Retriever, owned by City Attorney Ralph Johnson, has no intentions of moving off his master's car, which is parked in the city complex parking lot. City employees say the dog finds the car a comfortable daily resting spot. Spending hours at a time on top of the hood, the dog also finds shelter underneath and beside the car, never bothered by passing traffic.

Newspaper editor is injured in accident

PAHOKEE—Wilford Dean Jones, 39 of Belle Glade, editor of the weekly published Belle Glade Herald, was transferred to West Palm Beach Sunday night due to injuries incurred from an automobile accident on State Road 15, three miles north of Belle Glade at 9:15 p.m.

According to Florida Highway Patrol Trooper W.M. Burroughs, Jones was traveling south on State Road 15 when his 1973 Buick left the roadway for 120 feet, traveling airborne for 71 feet, and landed in

a ditch on the west side of the road. Jones, now released from the hospital, was transferred by the Pahokee Ambulance Service to Good Samaritan Hospital for treatment of an eye injury and severe lacerations. His car was totaled, suffering \$2500 worth of damage.

Glen's Southern Wrecker Service of Pahokee towed the car into Pahokee.

Charges are pending in the accident, according to the Florida Highway Patrol.

Osceola Circle man dies in accident

BELLE GLADE—An Osceola Center man was found dead in his pickup truck Friday morning in a South Florida Conservancy District canal on SR 717 after having lain there for more than seven hours.

Dead at the scene was Chester Wayne Watson, 30, of Apt. 51, Osceola Center. The accident was reported to Belle Glade Police at 7:07 a.m. Friday and was investigated by Sgt. Larry Thompson and Patrolman Larry Sprouse.

Thompson reported the accident was apparently heard by Mrs. Billy Webster about 11:30 p.m. Thursday but when she look outside, she couldn't see anything.

It was only after the fog had lifted the next morning that a passerby saw the truck where it lay in the canal.

The police report indicated Watson had been traveling west on SR 717 towards the marina when his car left the right side of the road just before reaching the canal.

The truck travelled 268 feet after leaving the road, went airborne for another 66 feet, leaving the canal, before nosing into the far bank.

Sgt. M. J. "Speedy" Spooner said Sprouse had patrolled the road twice during the night without seeing the truck before finally responding to the call.

Children's Home Society representative speaks

The director of the Palm Beach office of the Children's Home Society was the guest speaker at the Belle Glade Rotary Club meeting Monday at noon.

Miss Karen Borchers told the Rotarians of the five service areas her agency covers, including retardation services, natural parents, adoption, foster care and family counseling.

She said the agency is a private, non-profit group supported through the United Way and donations.

She noted that the agency has placed 800 children in over 600 new homes during its 13-year history in the Glades and has counseled over 1,000 unwed mothers.

Miss Borchers said the Children's Home Society is moving more and more into handicap work and foster care and announced a new program of training for foster parents so they will be able to handle "problem" children.

Chuck Roessing, 1977 Glades United Way chairman, and a member of the Rotary, noted this was the second speaker in the past several weeks whose service group is supported by the United Way.

"Our 1977 campaign is going on now," he said, "and your support will be sincerely appreciated."

In other Rotary business, Fritz Stein, one of the two membership drive chairmen, announced the club now has 50 members with three hoping to join next week. He said seven more members are needed to reach the goal of 60.

Salesperson is member of pro group

PAHOKEE—The Ford Division of the Ford Motor Co. announced this week that Mrs. Lois J. Moss, a salesperson with Pahokee Ford-Mercury, Inc. for the past seven years, has attained membership in the Ford Society of Professional Sales Counselors for 1977.

Society membership can only be attained by those Ford salesmen who display outstanding sales achievement during the calendar year. Mrs. Moss has been a member of the local company's sales staff since 1970.

IT WAS THAT KIND OF NIGHT for St. Petersburg Shorecrest. Unable to gain yardage through the air or on the ground, they were defeated by the Glades Day Gators

19-0. But the Gators could move and did, as evidenced by Steve Richie, looking for the first down. Staff Photo

Glades Day stuns Shorecrest 19-0

BELLE GLADE - The Glades Day Gators stunned an unsuspecting St. Petersburg Shorecrest 19-0 Friday night by taking advantage of the "breaks" and developing the Gator offense.

Shorecrest, which was second in the state A division last year, was allowed only four first downs by the tough Gator defense and only 94 yards total offense.

And it was the defense of the Gators, which has been Coach Byron Walker's bright spot all year, which contributed greatly to

two of the home team's touchdowns.

The first score of the game came in the second quarter when Howard Ayres recovered a fumble on the Shorecrest seven. The touchdown came moments later when quarterback Tommy Duda connected with Dick Crockett, on the seven yard pass.

In the third quarter, it was Basil Markham who recovered another fumble and the team of Crockett and Duda combined once more on a 17 yard pass play into the end

zone. Kenny Buckner's extra point try after the first touchdown failed and a conversion pass after the second score also went nowhere, so the Gators were ahead 12-0.

The last touchdown of the game was a cream on the cake for Winston Byrd, leading runner for the Gators, when he broke loose and outpaced his would-be tacklers for 55 yards. The big gain gave him a rushing total of 75 yards in nine carries.

Mark Foster kicked the extra point and the defense did the rest, shutting down Shorecrest for the evening.

"I'm still not happy with the offense," said Walker, even though they put together two good, sustained drives. "The defense really gave us the game."

"One thing I am happy about," he said, "is that the offense was able to capitalize on the breaks when the defense forced them."

Two of the six fumbles the Gators grabbed ended up in scores and the defense held so well Shorecrest was forced to punt twice as much as Glades Day. Likewise, the defensive secondary held Shorecrest's passing game off so that the longest completed effort was for only 15 yards.

"We were better prepared than they were," said Walker, who had studied Shorecrest game films. "They did everything we expected and our defense knew everything they could do."

Another contributing factor was that Shorecrest's "quick backfield" failed to materialize.

Walker said the Crockett-Duda combination was pleasing to him. "I knew all along Tommy (Duda) can throw the ball well, and with Crockett open and running his usual good patterns, they couldn't miss."

The offensive line did an "effective" job of containing the Shorecrest defense, and Walker said one of the contributing factors was that he began substituting, allow-

Sports

Local golf advisory committee is named

BELLE GLADE - The Belle Glade City Commission Monday night named a seven-member board to advise them on the municipal golf course.

The group, called the Municipal Golf Course Advisory Committee, will hold a year's term of office and

will conduct quarterly meetings called by a chairman elected by the members.

They will function in an advisory capacity only.

Those elected to the board were nominated by country club members who responded to a letter asking for nominations. The letter was mailed out by the city administration.

Members selected were Jo Knight, Sadye Duda, Grant Averill, Paul Day, J.W. Moseley, Frank Gillis and Charles Schiele.

In making the appointments, the commission tried to select a well-rounded board consisting of country club members active in both men's and women's golf as well as members from the Pahokee area.

Raiders bow to Newman

WEST PALM BEACH - The Glades Central Raiders are being given a one-week respite in their nine-game season this week following a 17-0 loss to District 4 and Suncoast West Conference foe Cardinal Newman Friday night.

The Crusaders turned a series of defensive penalties made by the Raiders to their advantage to score one touchdown and converted a

Raider fumble into another one to take a commanding 14-0 lead in the first quarter. From there on it, the Raiders were unsuccessfully attempting to play catch-up ball.

Glades Central received the opening kickoff and the first series of play was indicative of the rest of the game as they were stalled with a fourth and one situation on their own 47 yard line.

Coach Willie McDonald called on punter Michael Staples, who booted the ball down to the Cardinal Newman 3 yard line before it was downed by a Raider.

And if the Raiders' first series of plays was an ill-starred omen for their offense, the Crusaders' first series forecast the rest of the game.

Bruce Peters, the Crusaders'

5'9" 205 pound fullback who dominated the game, carried the ball nine yards on the first play and a penalty put it on the 27, with a first down for good measure.

Before the Crusader center had time to snap the ball for the second play, another penalty, for lack of proper equipment, put the ball on

(Continued on Page 8)

Blue Devils manage 14-13 squeaker over Verot

PAHOKEE - Although Bishop Verot held the dominating ball-carrying position in the first half, the Pahokee Blue Devils brought out their football power in the second half to slip in a come from behind victory over the Vikings, 14-13 in Friday night's football game on the Vikings' home field in Ft. Myers.

The first turnover of the night came when Pahokee's Joe Brown intercepted a Viking pass with a 25 yard sprint. But the Viking defense held strong, preventing the Blue Devils from scoring. Bishop Verot soon followed suit with a pass interception by Viking Bill Dougherty, but they succeeded in scoring with a handoff to Dougherty to give Bishop Verot the first scoring of the game with 11:29 left to play in the second quarter. An extra point gave them a 7-0 lead.

Neither team could muster up sufficient offensive power during the next three minutes until Blue Devil Joe Brown returned a Viking punt with an 80 yard dash across the goal line. Pahokee quarterback Ronnie Osborne's two point conversion run attempt failed, leaving the Devil's trailing 7-6.

Bishop Verot scored next, with 2:37 left in the first half, topped off a long drive to Pahokee's one yard line. An extra point kick set-up turned into a pass play from Viking Ron Dougherty to Keith Mc

Menaghy but he was tackled short of the goal line. That ended the first half scoring with Bishop Verot ahead 13-6.

In the third quarter, Pahokee led a steady drive downfield from their own 30 yard line to the Viking 15, but was held for the gain.

Penalties plagued the next drive as Bishop Verot moved the ball to Pahokee's 45, aided by a 15 yard penalty on the Blue Devils. But a five yard Viking penalty on the next play set them back at the Pahokee 26 where a Viking field goal attempt fell short.

A Blue Devil surge beginning late in the third quarter with a fumble recovery by Mandy Lorens, led to quarterback Ronnie Osborne's scrambling for two successive plays, grabbing a 20 yard run on the first play while an incomplete pass followed.

After several first downs, Osborne completed a 37 yard pass to Stafford Everett setting up Pahokee's second touchdown with a hand off to Lawrence Williams. That was Osborne's only completed pass of seven attempts. Osborne's two point conversion run topped off the final scoring of the game with the Devils ahead, 14-13 and 9:00 left to play in the game.

Bishop Verot couldn't keep possession of the ball long enough to put more points on the board,

leaving the Blue Devils in possession as the final seconds ticked away.

Statistically, the Blue Devils gained 129 yards and lost 14. Osborne completed one out of seven passes and the Devils attempted 36 yards in rushing.

Head Football Coach Antoine Russell was somewhat disappointed in his team's performance. Although noting that Bishop Verot is "a good, fundamental team," Russell said that "on the whole, my team played poorly and that made them look good." The game was a close one with Pahokee emerging victorious, giving them two wins in their district, over Clewiston and Bishop Verot. A win over LaBelle will ensure Pahokee the Class AA District Championship.

COACH'S CORNER

By Pahokee High School Head Football Coach Antoine Russell Friday night's game between Bishop Verot and Pahokee was just short of a disappointment to the coaching staff and probably to most of the Pahokee fans.

After displaying such a great defense in the previous game with Atlantic, the coaching staff had a feeling of maturation about the Blue Devil team.

Although Verot had a well-coached team, we made too many mistakes on both defense and

(Continued on Page 8)

PAHOKEE'S LANDY WILLIAMS (32), and Michael Boldin (31), are in on the play as the Blue Devils outscored Bishop Verot 14-

13 in Friday night's bout with the Vikings in Ft. Myers.

WINNING the third place trophy in a one-pitch softball tournament held over the weekend in Clewiston was Audrey's Bar of South Bay. Members of the team include, front row, from left: Wayne Meadows, Danny Baughman, Mark Orsenigo and Nicky

Walden. Back row: Kenny Martin, Tim McKee, Jr. Meadows, Ronnie Hart, Mike Burkett and Billy Gressinger. Not pictured are: Louie Lutfey, Doug Cooper, Wayne Brown and head coach J.P. Jones. Staff Photo-

Athletic Council plans underway

PAHOKEE A meeting of the Pawokee Athletic Council was held Tuesday, Sept. 27 with 14 council members present. It was decided that regular council meetings would be held on the first Wednesday of each month with the next meeting set for November 2. Plans were made for a chili supper to be held on November 11 before the football game. All members are urged to attend the November 2 meeting so plans can be finalized for the chili supper. Members of the council will be contacting town merchants to

display Athletic Council Booster Certificates. Cost of the certificates are \$5.

Dedicated working members are needed if the Council is to do a worthwhile job. In view of the high excellent of the athletic programs at the school, the council feels it should have no trouble recruiting interested people in the community to help. Anyone interested in becoming a member of the council should contact a coach at the school, contact the school office and give your name or attend the next meeting, according to Mrs. Joan Anderson, Athletic Council President.

Scholarship given

PERU, NEBRASKA - Keith Williams of Belle Glade, has been awarded a scholarship for the current academic year to Peru State College for special abilities in football.

Keith is the son of Mr. and Mrs. Bruce Williams, 360 SE 3rd Street, Belle Glade. He is majoring in physical education.

Glades Day— Continued from Page 1

ing some of the younger players to get into the action.

"The defense 'is still doing a good job' said Walker. Just as they have the previous three games.

"When I can put Markham and Ayres at defensive end and still have Bryd and Buckner left over for linebackers, you know you've got a good defensive core."

Kenny Strickland had a good game, along with Doug Tanner, Mark Foster, and Bruce Sweet, according to Walker. Sweet, who was injured last week, missed a week of practice and "you could tell" said Walker.

This Friday night, Glades Day goes on the road for the first time this season. And they are intent on spoiling the LaBelle Cowboy's homecoming activities.

Last week, LaBelle lost 0

Clewiston 43-0 and the only game they have won in four starts was against Moore Haven, who they whipped 19-0.

"Unless LaBelle has changed," commented Walker, "they are going to be a good, hard, physical team. And I don't think they have," he added.

Two distinct threats could show up for the Cowboys, Calvin Peagin at halfback and Jimmy Polk at tight end. "We'll have to keep Peagin contained," said Walker, "and with his speed it's not going to be easy."

Polk is a "good, all-around athlete, who is real tough," said Walker.

Walker said he didn't anticipate changing the offensive or defensive tactics, not noted Billy Sanchez would start the game at guard.

Pahokee High— Continued from Page 1

offense to make the type of showing for which Pahokee is known.

We hope that, with more practice and drills, all phases of our game will show improvement this week as we play North Shore at home.

PAHOKEE OFFENSIVE AND DEFENSIVE PLAYERS OF THE WEEK

PAHOKEE This week's Pahokee Blue Devil defensive and offensive players of the week, as chosen by Head Coach Antoine Russell, are seniors Ray Wells, defensive tackle and Lawrence Williams, offensive back.

Wells, #72, son of Mr. and Mrs.

Nathaniel Wells of Padgett Island managed two assisted tackles and two sacks of quarterback on Friday night's game against Bishop Verot. "We relied on him consistently in the steady drive for the touchdown in the final minutes of the game," Russell said. The coach also noted Wells for his "outstanding blocking, defensively and offensively."

Williams, #30, of 222 Dobrow Ct., son of Mrs. Mary McCarthy and Wilson Williams, scored the second and final touchdown in Friday's game, his first touchdown of the season. Russell said Williams carried the ball nine times for a gain of 64 yards.

Christian Comments

By Bill Anderson
Pastor First Baptist Church
of South Bay
GOD IS LISTENING

The other day I was out enjoying God's wonderful nature and thanking Him for just letting me live, I began praying. It was not the type of prayer as when I ask Him for something and not the "I lay me down to sleep" type. It was more like what Adam must have felt as he walked in the Garden of Eden or maybe like what Moses must have felt as he went up into the mountain to receive God's instructions for the people of Israel. It was said that when he came down "he was aglow so that the people could not look upon him." Isn't that the way it should be with all who have a beautiful personal relationship with God? I would like to think so. I would hate to know a person who claimed to be my friend, ask me for a favor each time we walked together. How God must feel when His people are so selfish and self-centered!

The Bible says that "God so loves the world that He gave..." He gave then He gives now; most of all He is still giving.

(The following poem was slipped into my pocket by a young lady who was led to the Lord in a revival that I was conducting.)
I've Got to Talk to Somebody, God
I've got to talk to somebody, God.
I'm worried, I'm unhappy, I feel inadequate, so often, hopeless, defeated, afraid.

Or again I'm so filled with delight I want to run into the streets proclaiming, "Stop, world, listen! Hear this wonderful thing!"
But nobody pauses to listen, out there or here in the very house where I live. Even those closest to me are so busy, so absorbed in their own concerns.

They nod and murmur and make an effort to share it, but they can't. I know they can't before I begin. There are these walls between husband and wife, parent and child, neighbor, friend and friend.

Walls of self, walls of silence, even walls of words.
For even when we try to talk to each other new walls begin to arise we camouflage, we hold back, we make ourselves sound better than we really are. Or we are shocked and hurt by what is revealed, or we sit privately in judgement, criticizing even when we pretend to agree.

But with you Lord, there are no walls.
You, who made me, know my deepest emotions, my most secret thoughts. You know the good of me and the bad of me; you already understand.

Why then, do I turn to You?
Because as I talk to you my disappointments are eased, my joys are enhanced. I find solution to my problems, or the strength to endure what I must.

From your perfect understanding I receive understanding for my own life's needs.

Thank you that I can always turn to you.

I've got to talk to somebody, God.

Belle Glade represented at convention

Delegates have returned from the convention of Supreme Chapter of P.E.O. Sisterhood in Chicago, September 26-29.

Mrs. Selma R. Bamford represented Chapter AG of Belle Glade, and she will report to these additional chapters, A.L., C.W. and E.R.

Mrs. Bamford resides in the Stuart area, but continues with her Glades affiliation. She was one of 1,500 delegates representing 200,000 P.E.O. members in the United States and Canada at the convention in Chicago's McCormick Place and McCormick Inn.

One of the featured speakers were Dr. Evelyn L. Milam, president of Cottey College, a two year junior college in Nevada, Missouri owned and operated by the P.E.O. Sisterhood, since 1927.

Mrs. Harvey Bush of Williams, N.Y., president of the supreme chapter, presided at the convention.

Educational philanthropies are a prime activity of P.E.O. Sisterhood, which was founded 100 years ago at Iowa Wesleyan College, Mount Pleasant, Iowa. The educational fund has provided nearly \$11 million in loans to more than 18,500 women seeking financial aid for education.

International Peace scholarships are provided to foreign students to enable them to pursue graduate study in the United States and Canada. More than 1,200 women from 87 countries have been given financial help to finish their education since the project was started in 1949. Continuing education, which provides the more mature women financial aid to further her education, is another of the P.E.O. philanthropies.

Simonson-Lair Circle meets in Pahokee

PAHOKEE - The Simonson-Lair Circle held its September meeting at the home of Dorothy Stanley, with seven members present. Mrs. Uldine Todd presided and presented a missionary program on the trouble in Africa, Ireland and Rhodesia. Refreshments were also served.

Heart tests are scheduled in Belle Glade

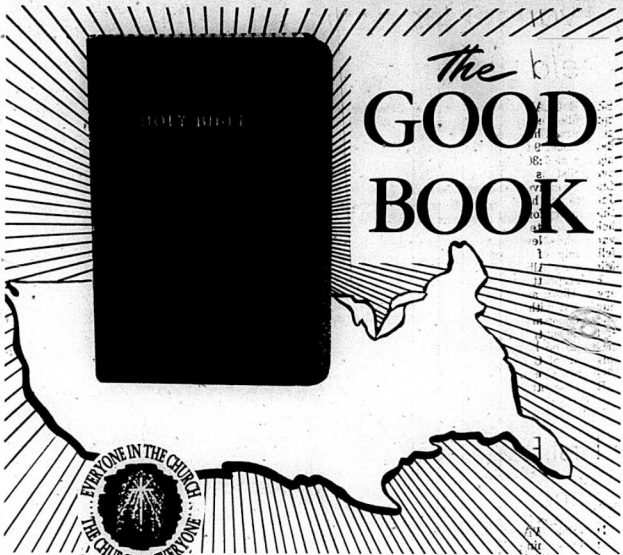

Hypertension screening tests will be offered without charge to the public every Monday through Friday, 1 to 4 p.m., at the Belle Glade Health Center, 1024 N.W. Ave. D, Belle Glade.

CARD OF THANKS

To our friends, we would like to express our sincere thanks and appreciation to each of you for the expressions of sympathy in the loss of our mother and grandmother, Mrs. Laura Boree.

Thank you for the prayers, visits, cards, flowers and food.

God bless each in a very special way.
Kenny and Donna Throop
Hughy, Doris, and Lisa Acree

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

©Coleman Adv. Ser.

America in its early days depended on the "GOOD BOOK" for its guide in ethics, worship, and pursuit of freedom. These early gains are now in danger of falling and we need to turn all America once again to God and His word. America can be strong only when each individual looks to God for strength.

Evangelistic campaign held at Central Church

BELLE GLADE. There will be a spirit-filled evangelistic campaign at Central Church beginning Sunday October 9 through October 16, nightly at 7:30 p.m. The visiting evangelist is the Rev. W. H. Lipsett, a native of the Dominion of Jamaica, but has been residing in this country for several years. He's held pastorate work in Pennsylvania and New York under the fellowship of the Christian and Missionary Alliance Church.

Rev. Lipsett served as a missionary to Haiti, and he is very much acquainted with the devil worship and voodooism that is so prevalent in that country. Haitians in this area will be happy to know that this man of God can converse in their own Creole dialect.

Rev. Lipsett and his wife also

have traveled throughout Africa and Far East.

Rev. C.S. Edwards who is the host pastor at Central said, "Rev. Lipsett is a humble Godly, dedicated and a spirit-filled man with a message that the people of Belle Glade, may not appreciate, but is needed this very moment. There is no fan-fare nor compromise in his message."

"Central believes in the fellowship of all people without distinction of race, color, or ethnic origin. Central Church doors are open to everyone who loves unity, and to be guided by the word of Truth," said Rev. Edwards.

The Church is located at 333 S.W. 4th Street. Everyone is invited to these services. For transportation or Christian Counseling call 996-0262.

REV. W.H. LIPSETT

REV. CLIFFORD S. EDWARDS

First Baptist of South Bay announces revival Oct. 9

Dr. Bob Wiggins will be in revival beginning Sunday morning at 11 a.m. October 9 in the First Baptist Church of South Bay. Dr. Wiggins, a graduate of Southern Seminary, holds several earned degrees and several honorary doctorates from some of the fine Baptist institutions.

The services will go from Sunday morning thru Friday night

at 7:30 p.m. each evening. Dr. Wiggins has spoken in churches all over the continental United States and is the founder of much new Baptist work and several orphanages in Haiti.

The public is cordially invited to attend the services. While Dr. Wiggins is a Baptist evangelist, his message is geared to all denominations.

St. Mary's covered dish supper set

CANAL POINT - St. Mary's Catholic Church invites the public to a covered dish supper to be held at the Community Center in Canal Point on Saturday, October 8th at 6 p.m.

The supper is a Parish get together for all to get acquainted over their favorite dish. For further information, call 924-7239 or 924-2075. St. Mary's welcomes all to come and join them.

Methodists present sacred concert

The Community United Methodist Church of Belle Glade, was the scene of the Sacred Concert featuring "Jeanie and Nora", Sunday evening September 25th.

Jeanie and Nora are a well known duet from West Palm Beach, who have performed for many civic organizations, including the "Round Table" of the Palm Beaches, as well as many different churches of the coastal area. Those attending were thrilled by the beautiful harmony and look forward to another Sacred Concert by "Jeanie and Nora", who sing each Saturday night at the Broadway Gospel Concert, at the Broadway Baptist Church in Lantana.

Preceding the Sacred Concert a Churchwide Family Night dinner

was held in Jamison Hall. Hostesses for the well attended dinner were Mrs. Nancy Bots, Mrs. Lois Hollingsworth, Mrs. Doris Carter, Mrs. Rachel Hollingsworth, and Mrs. Dolly Hand.

The Sacred Concert and Churchwide Family Night dinner were arranged by Mrs. Jane Thompson, Spiritual Family Life Co-ordinator for the Community United Methodist Church.

Gospel Truth Singers to sing at Canal Point church

CANAL POINT - The Gospel Truth Singers will be presenting a lively program for the Canal Point Baptist Church, on Sunday, October 16 at 7 p.m.

The church is located on First Street, just off of 441 in Canal Point. A nursery will be provided for children under five years of age.

Area Obituaries

CHESTER WAYNE WATSON

Services were held Monday for Chester W. Watson of Osceola Center, Belle Glade, who died September 30 of injuries received in an automobile accident.

Mr. Watson had been a resident of Belle Glade for the past 16 years and was employed in the maintenance department at the Sugar Cane Growers Co-Operative.

He is survived by his mother, Mrs. Mary Esie Lucas of Duncanville, Ala.; five brothers, Paul Watson of Belle Glade, David, Ronnie and Dale Watson, all of Besmer, Ala. and Chris Watson, of Duncanville; two sisters, June Fleming of Besmer, and Peggy Causey of Duncanville.

Repose services were held October 1 at Mixson Funeral Home Chapel. Mr. Watson's remains were then shipped to Besmer where burial services were conducted on October 3 with burial in the Genry Gap Cemetery.

Mixson Funeral Home was in charge of local arrangements.

MRS. ADELAIDA GARCIA

Funeral services were held Oct. 2 for Mrs. Adelaida Garcia, 85, who passed away Sunday at the Glades General Hospital.

Mrs. Garcia was born in Comaguey, Cuba and moved to Belle Glade in 1965. She was a member of the St. Philips Catholic Church. She is survived by three nieces.

Mini Miranda of Belle Glade; Onelia Estrada and Rafaela Estrada, both of Puerto Rico; and one nephew, Argelio Medrano of Miami.

Rosary was held Sunday at 8 p.m. at the Mixson Funeral Home Chapel. Burial services were conducted Monday at 11 a.m. in the Foreverglades Mausoleum Gardens with Father Paul Saghy officiating.

Pallbearers included Dr. Luis Guerrero, Jose Espallargas, Henry Rionda, Rodolfo Miranda, Joaquin Rionda and Rene Miranda, all of Mixson Funeral Home was in charge of arrangements.

HENRY EDWARD ALLEN

Henry Edward Allen, 70, of Lake City, Fla. passed away September 18 at North Florida Regional Hospital in Gainesville, following an extended illness.

Allen was a native of Commerce, Georgia, and resident of the Pahokee-Canal Point area for 37 years, before moving to Lake City in November, 1976. He owned and operated Allen's Fruit Stand from 1951 to 1971 before his retirement in 1971.

He is survived by one daughter, Edna Brownell of Lake City, three grandchildren; one brother, Sam Allen of Commerce, Ga.; four half-sisters, Inez, Louise, Mary and Betty, all of Georgia; and numerous cousins.

Funeral services were held at the Sherrill-Guerry Funeral Chapel in Lake City on September 21 at 2 p.m. Interment was at Forest Lawn Memorial Gardens in Lake City, with graveside services.

Sherrill-Guerry Funeral Home was in charge of arrangements. Pallbearers were: T.G. Mayo, Ray Miller, Wendell Nettles, Bill Guerry and J.W. Shuman, Jr.

HOW TO TURN THE TOP 1/3 OF YOUR SUGAR CANE INTO VALUABLE HARVEST CANE.

Sugar cane growers are always looking for ways to boost productivity. Have you ever looked at the top one-third of the cane?

Now there's a way to turn those immature upper nodes into valuable harvest cane. With an application of Polaris® Plant Growth Regulator by Monsanto, the chemical that stimulates sugar cane ripening.

Extensive commercial use has proven that it's now possible to get more recoverable sucrose from the top third of cane, which is the part that is not optimally ripened as a result of poor ripening conditions, such as warm, wet weather.

In fact, under poor ripening conditions, Polaris can increase sucrose levels overall, giving you more recoverable sucrose from every ton of cane.

Contact N.F. Eason, (813) 481-1337, or the distributor for Polaris in your area for full details.

Polaris distributors in this area are:

Fishing

Bass limits are common

By Nan Corbin

Bass took the lead in fishing action over the weekend with a number of limit catches coming in. The long point and Ritta Island areas provided some of the largest catches, while plastic worms and live shiners continue to bring in most of the bass.

Belle Glade fishermen, Al Propper and Van Strickland, used plastic worms on Saturday to take 10 bass with their largest going five pounds.

Dan Weakley, Hialeah, took his limit on Saturday with a 7½ and a 6½ pounder.

Doug Bowe and Harold Powell brought in seven nice bass on Friday with their largest going seven pounds. These were taken on Devil's Horse plugs.

Belle Glade fishermen, Findley Pate, had a really good day on

Saturday. He and Eddie Robinson brought in 10 nice bass in the morning. Findley fished with Derrell Mathis in the late afternoon and this time came in with seven bass to 8¾ pounds each on plastic worms.

Bob Burnett and Mike Cornelius of West Palm Beach used plastic worms on Saturday to take 20 bass for a total weight of 50 pounds.

The speckled perch continued to hit during the week and also, with live bait bringing in most of them. Gary and Louise Aunsbaugh and Dorothy Hopper of Belle Glade used minnows to take 52 on Friday with some of them going 1½ pounds each.

Mr. and Mrs. Ed Anderson of West Palm Beach reported 40 specks on Friday and 37 on Saturday fishing in the early morning.

A STARK REMINDER of an accident was left for some time Friday when Bernie Davis' battered three wheeler lay in the east bound lane of SR 80 near SR 715.

Local man is injured in accident on SR 80

BELLE GLADE — Bernie Davis, 67, of 3 Bethune St., in Okeechobee Center, was still in the intensive care unit of Good Samaritan Hospital in West Palm Beach Tuesday following an accident Friday morning on SR 80 near SR 715.

Davis had been pushing his three wheel bicycle from his home in Okeechobee Center across SR 80 173 feet north of SR 715 when he was struck by a Southeast Cablevision van being driven by Homer Dorsey, 23 of 545 S.W. 11th St., Belle Glade.

Belle Glade Patrolman Tom Walker said Dorsey and a car being driven by another person were moving east on SR 80. He said Davis waited for the other car to pass, then started crossing the road diagonally in front of Dorsey.

"I saw him looking at me," Dorsey said, "and I thought he was going to stop but he didn't." Walker said witnesses said Davis first stopped, then walked into Dorsey's path. He reported Dorsey swerved to the left before striking the pedestrian, throwing him to the side of the road and his three wheeler into the roadway.

Walker said Davis then jumped up and ran east several steps before falling into a ditch in the median.

Davis was treated at the scene by emergency medical technicians from the Belle Glade Fire Department before being transported to Glades General Hospital and then airlifted to Good Samaritan by helicopter.

Belle Glade Police Lt. M.J. "Speedy" Spooner said no charges were pending because "Dorsey took every evasive action he could."

Pahokee to host district tourney

PAHOKEE—At the District AA Volleyball meeting held at November 4th. The teams participating are Pahokee, Rosarian Academy, LaBelle, Immokalee, and Ft. Myers Bishop Verot. The tournament will be single elimination beginning at 4:00 p.m. with the finals beginning at 9:00 p.m.

Glades Central—

Continued from Page 1

The Crusader 32 yard line, before Peters had a chance to ram it down to the Raider 48. Still another penalty placed the ball on the Glades Central 43 before the Crusaders had a chance to make their third play and yet another five-yarder placed it on the Raider 38 yard line.

The Crusaders advanced the ball to the Raider 34 in two plays before Glades Central linebacker Preston Vickers sacked Crusader quarterback Greg Quattlebaum back on the 38 and Cardinal Newman punted the ball down to the 20.

With the Crusader defensive line applying pressure, Raider quarterback Terry Hammon fumbled the ball on his own 15 on the Raiders' next play but managed to recover it. He wasn't so lucky on a fumble on the next play, however, when the ball went over to the Crusaders on the Raider 15, before another penalty on the Raiders advanced it to the 10.

Peters bulled over from the ten to put the first score on the board and after a good PAT, the Raiders trailed, 7-0.

Two plays after the following kickoff, that long lengthened when a Raider fumble on the 50 was picked up by a Crusader who ran it all the way back for Cardinal Newman's second TD of the night, giving the Crusaders a 14-0 edge with 3:04 left in the first quarter.

The final score of the night came when the Raiders were forced to punt following an unsuccessful series of plays after the Crusaders' third kickoff of the game.

Starting at the Raider 43, the Crusaders, with the aid of one penalty, rammed the ball to the Raider 15 before the Glades Central defense hung tough and forced the Crusaders to satisfy themselves with a field goal, leaving the Crusaders with the final score of 17-0 with 8:41 left in the second quarter.

The Raiders threatened only once during the game, late in the second half when Hammon came out passing from his own 39 yard line, firing the ball in successive bays to Ollie Sheppard, to the Crusader 48, and to Michael Collier at the 42 before picking up the first down on a quarterback keeper by the Newman 38.

Davis Robinson carried the ball to the Crusader 27 and another first down and on another keeper, Hammon ran to the 25 before a penalty pushed the Raider back to the 31. Going to the air again, Hammon connected with Sheppard at the 26 before Sylvester Knowles dashed his way to the 11 but was tackled on the next play on the 20.

The next play came close to paydirt as Hammon passed again to Robinson who picked off the ball on the 15 and fought his way inside the one before being dragged down within arm's reach of the goal line. That was the high water mark, however, as the Crusader defense moved impervious from that point. Hammon was sacked on the 12 on the next play, picked up five yards to the 12 on a third and 17 situation and in a last-gasp effort, with 29 seconds remaining in the half, passed to Robinson again to

the Crusader 4 before the ball went over on downs.

The second half proved largely uneventful as McDonald experimented with David Jones at quarterback to try to establish a passing game which failed to prove consistent.

The Crusaders dominated the running game, piling up 167 yards compared to the Raiders' 37 on the ground, although the Raiders dominated the airways with 72 yards in passes from two quarterbacks to three receivers.

Michael Staples proved, as usual, to be an effective punter, booting the ball five times for an average of 32 yards.

Glades Central also dominated the game in one other statistic, racking up 85 yards in penalties compared to 20 for the Crusaders.

David Robinson dominated the offensive statistics, running eight times for 25 yards and receiving three passes for 30 yards. Sylvester Knowles ran seven times for 13 yards and Ollie Sheppard received two passes for 30 yards.

Defensively, the Raiders were led by Don Andrews with nine tackles and six assists. Preston Vickers made eight tackles and four assists and Michael Staples made six tackles and four assists. Michael Staples made six tackles and five assists.

On the line, Anthony Jones made six tackles and three assists and Kim Ingram made seven tackles and two assists.

THE BEEF PEOPLE

FOOD TIPS from AGNES

-OCTOBER IS BEEF MONTH-

A good value for your meat dollar is a whole boneless beef round tip or whole beef hindquarter, for example, cut into roasts, steaks, kabobs or any combination to fit your family needs at no extra cost. Shopping for a whole section (or primal cut) with the Beef People saves you money per pound and several trips to the supermarket besides. You'll be stocking your freezer with U.S. Choice when you buy W-D Brand heavy grain fed beef, which means it's well-marbled the sign of fine flavor and tenderness. Enjoy beef during October...the month that salutes one of America's favorite foods for 200 years.
